Description

For your consideration is this very stylish 1930's Art Deco clock by Smiths. Quite a weighty clock we have to say considering it's size and in great condition. The chrome is bright and crisp and free from nasty scratches, tarnishing etc. Either side of the dial face is a strip of caramel coloured catalin bakelite. The dial face is in amazing condition so often found with marks and heavy discolouration, this is as good as you could hope for without being brand new. The dial face also is directional - see pics. This clock runs on a mechanical wind up 8 day movement which we've just had serviced so comes to you in good working order.
