Sold**Item Reference: SA577310****Date of manufacture: 1930**

Description

Dreadnort full hunter pocket watch. The watch has a Cyma stem-winding movement which is working nicely. We have come across Dreadnought watches before, from Record, but not with this spelling, it could possibly be a brand name used by Cyma. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and it is in very nice condition. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in good condition, as is the signed dial. The watch will be sent in a new presentation box.
