Description

1920s Swiss pocket watch and chain. The watch has a good quality Swiss stem-wound movement with jewelled pallets and a micro regulator, which is working nicely. The watch measures 51.3mm diameter excluding the winding stem and the loop. The nickel case is stamped silvernus, Swiss made. The case has light surface marking from use but overall it is in nice condition for a 1920s piece. The watch glass is in good condition. The white enamel dial is in nice condition. Blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with a single nickel chain, 28cm long. The watch and chain will be sent in a new presentation box. Price includes worldwide postage
