Description

This is an exceptional piece of Victorian Royal Worcester dated 1899; the condition of this piece is excellent, the gilded handle and all the other gilded areas show no signs of ever being touched. The piece is 9" (23cm) high, width with handle 6.5" (16cm), and 5.5" (14cm) in depth. This is a big vase; it is a statement piece. Not only is the hand-painted work exquisite, but the design is by no means standard Royal Worcester; the design is an unusual pattern. The gilding work on the extremities is superb and accompanies the flower design wonderfully and makes for a classic piece worthy of any collection at a fantastic price.
