Description

1930s Swiss pocket watch and chain. The watch has a stem-winding movement which is working nicely. The movement is stamped 15 jewels, Swiss made Phenix 781. The movement is protected by an inner hinged cover which has some light surface marking where it has been opened in the past. The watch measures 49.3mm diameter excluding the winding stem and the loop. The case is nickel. The case has light surface marking from use but overall it is in nice condition. The acrylic lens is in good condition. The dial is in nice condition with blued steel hands, a subsidiary seconds dial and an outer minute track with 24 hour numbers. The watch comes with a single albert with fob, the chain is 25cm long including the T-bar and the clasp. The watch and chain will be sent in a new presentation box. Price includes worldwide postage
