Depth = 7 cm (2.8")

Description

Early 19th century walnut stick barometer by M. Wisker of York with ivory registers and a mercury thermometer. Several instrument-makers of the Wisker family worked in York from the late 18th century. Matthias was at 13 Spurriergate from 1830 to 1851. John Beazor Antiques is a family firm, established in 1875 and based in Cambridge since 1940. We are a traditional antiques shop, but very much in the 21st century. We deal in 18th and early 19th century furniture, barometers and clocks. We choose our stock for its originality and for the quality of its colour, patination and design. We are members of the BADA. We do not exhibit at fairs preferring to deal from our Cambridge shop where we hold an Open Weekend every November (this year's is on 24th and 25th November). Open 9.00am – 5.00pm, Tuesday to Friday, 10.00am - 4.00pm on Saturday. A prior phone call or email before visiting is always a good idea and we are happy to be contacted outside of business hours.
