Description

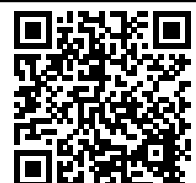

Superb Quality Arts and Crafts Copper Helmet Coal Scuttle This very top quality piece is a very unusual shape with shell pattern to both the helmet and the shovel, it is in style the same as most enclosed coal scuttles and has the added advantage of retaining its original shovel which fits neatly into the front of the bucket. The Scuttle is in good condition and ready to use, it has no faults just lots of character and is ready to go to work and grace your fireside at the same time. The Scuttle is 19" tall, 22" long and 12" wide.
