Description

Gents early 1960s Smiths Astral wristwatch. The watch has a hand-winding movement, 15 jewels, which is working nicely. The watch measures 32mm diameter excluding the winding crown and the lugs. The case is plated and it has a stainless steel case back which has a couple of small "dings". There is some surface marking to the case but overall the condition is good for a piece from the early 1960s. The lens is in good condition. The signed dial has its original blued steel hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch will be sent in a new presentation box.
