Description

Gents antique Swiss silver trench watch, 1915. The watch has a jewelled hand-winding movement by Tavannes which is working nicely. The watch measures 35mm diameter excluding the winding crown and the fixed wire lugs. The case is silver and there are hallmarks inside the screw-on case back for Birmingham 1915 with a case maker's mark for Aaron Dennison, a prolific case manufacturer who supplied various watch makers. The case has a few small marks, and some gentle unevenness to the back. The watch glass is in good condition. The dial is in lovely condition with Breguet style hands and an outer minute track. A new leather strap has been fitted. The watch will be sent in a new presentation box. Free worldwide shipping
