Description

Perfecta was established in Switzerland in 1883. The company had its financial ups and downs although a commission to supply 5000 watches for the Belgian Army in the first World War confirmed the quality of the movements. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is signed Chrono PWC, a named registered by Jules Pr  tat of Manufacture d'Horlogerie Perfecta (Perfecta Watch Company) in 1925. The movement is protected by an inner hinged cover upon which are details of the watch and various medals. The watch measures 50mm diameter excluding the winding stem and the loop. The case is plated and overall is in good condition with just some surface marks from use, nothing too serious. The watch glass is in good condition. The signed dial is in good condition and has Breguet style hands, a subsidiary seconds dial and an outer minute track with 24 hour markers. The watch will be sent in a new presentation box.
