Description

1905 Waltham Traveler full hunter pocket watch. The watch has a stem-winding movement, Traveler grade, which is working nicely. The movement is fully signed and the serial number 14,404,875 dates it back to 1905. The movement is protected by an inner hinged cover, there is some fairly minor marking to this inner cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and there are some surface marks and a few little "dings" but overall the condition is acceptable for such an early piece. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in good condition. The signed dial is in lovely condition with original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
