Description

An Unusual 17th/18th Gate Leg Table in Oak, the legs and stretchers are all square section, the legs have a little decoration in the form of a scratch mould running vertically. The condition is as would be expected with a table of this age it has several patches and an uneven characterful top but what sets this table apart is the fantastic colour and patination especially the top, large gate tables are quite rare these days and this one is an eight seater so a large table. circa 1700 DIMENSIONS TOP 137 BY 149 CMS HEIGHT 74 CMS
