Sold**Item Reference: SA579425****Date of manufacture: Victorian**

Dimensions

Height = 50 cm (19.7")

Width = 23 cm (9.1")

Depth = 23 cm (9.1")

Description

Circa 1880-1910 a pair of spelter lamps that have recently been rewired to UK specifications using black flex cable, and take a standard bayonet fitting lightbulb. They measure 50cm in total in height; 43 in height up to the top of the palm leaves below the lamp holders; and the bases are about 23cm across. They are a matching pair ie. a right and a left as shown by the curve of the arms of the cherubs. The decorative bases are original and everything is in good condition bar a tiny piece missing from the tip of a leaf at the top on one figure, and a tiny piece of edge from the curved foot at the base of one lamp (see photo 3 at the right hand side). The price reflects the two minor imperfections. They weigh approximately 3.7kgs each. Postage and packing for the UK mainland only is included in the price and for outside areas or abroad, please contact us for a delivery quote.
