Description

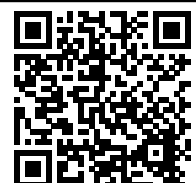

This is a very fine and beautiful example of a ladies wristwatch made by the world renowned premier Swiss maker Rolex and retailed by the legendary firm Tiffany & Co. It has a solid 18ct yellow gold case and is fitted to a slender solid 9ct gold bracelet which just glides around the wrist. It is quite stunning with a white dial which is in perfect condition having been fully restored. A new glass has been fitted and the case and bracelet professionally cleaned and polished so it is absolutely pristine. The 17 jewel manual winding movement is an absolute gem, sparkling clean and in like new condition, this is a movement from the golden age of Swiss watchmaking. As you would expect from Rolex the watch is fully marked on the dial and movement and it also has its original winding crown with the Rolex logo on it. It comes complete with a premium presentation box. Rolex are one of the most exclusive makers in the world and this watch certainly has that understated elegance which resonates class. The watch case measures 16mm in diameter not including the crown. We can alter the length of the bracelet to fit any wrist size, just let us know your measurement requirement...
