Description

Smallish size 18th century oak "country made" tilt top round tripod table. Nice shape elegant base with two piece round top. A couple of minor old repairs as to be expected on early oak otherwise perfectly sound. The whole piece is a lovely colour. I had to replace the original key-hole shape iron catch as it was damaged beyond repair but have used a Georgian brass one as a replacement. SIZE; 18" diameter top. 27 1/2" high
