Description

Antique 1906 Waltham pocket watch and chain The watch has a stem-winding movement, grade 620, which is working nicely. This is a good quality movement with handsomely patterned plates and a starwheel regulator. The movement is fully signed and the serial number 15,253,961 dates it back to 1906. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the Moon model from the watch case manufacturer Dennison. Dennison supplied many watch makers with cases but they had a particularly close relationship with Waltham. This is the Moon model of case which is 10ct gold plated and was originally guaranteed to wear for 20 years. Overall the case is in good condition, just one small knock to the back. The watch glass is in good condition. The signed dial has blued steel hands, a subsidiary seconds dial and outer minute markers. The dial is in good condition. The watch comes with a single albert, 26cm long, including the clasps. The watch and chain will be sent in a new presentation box. Free worldwide shipping
