

SA580347

Antique key winding pocket watch and chain.

Price

Sold

Item Reference: SA580347

Date of manufacture: 1910

Description

Antique key winding pocket watch and chain. The watch has a key-wound movement which is working nicely. The movement is protected by an inner fitted cover, and then a hinged cover. The watch measures 55mm diameter excluding the stem and the loop. The nickel case is stamped Neptune. The case has light surface marking from use and some mild bruising to the back. The inside of the case back has some solder to the rim from an old repair. The watch glass is in nice condition with only the odd minor mark from use. The silvered dial has gold roman numerals and foliate decoration to the centre. The dial has light surface marking but overall it is in nice condition for a 1910s piece. The watch comes with a single chain, 31cm long including the T-bar and the clasp. The watch and chain will be sent in a new presentation box. Price includes worldwide postage
