## Description

A pleasure to offer for sale this beautiful drop-dial wall clock by H. HILL of GARFORTH. Made to the highest standard throughout, the mahogany case has a lovely rich original patina with brass inlay to the bottom half of the case and a brass surround to the glazed opening through which the pendulum can be seen working. The dial surround is of the much desired and seldom found narrow type, adding additional elegance to the appearance of the clock. It has a convex glass and a heavy, cast brass bezel. A 12" white painted dial with black Roman numerals and finely cut hands and signed with the makers name. The 8 day, quality fusee movement has just been fully overhauled by our BHI registered staff and carries our usual 12 mths. parts and labour guarantee. A gem of a clock. All cards accepted.
