Description

This antique William IV rosewood side table is a great looking piece of furniture & has a lovely design, typical of that 1830's period. It's in excellent condition & has just been French polished. I particularly like the strong looking round columns of two different thicknesses. Below these columns are two platform bases with decorative feet & there is a turned cross stretcher joining the legs. The whole table is rosewood & all the original pieces are still there. This table is wonderful quality too. Width – 32 inches, 82 cm Depth – 18 inches, 45 cm Height – 29 inches, 73 cm
