Description

A beautiful oak desk chair dating from the early 20th Century. It is a good comfortable chair, very well made and in excellent condition. It is a lovely shape with an upholstered seat and back. The chair swivels on a large bolt and it also tilts backwards when you lean back in the chair. It has developed a lovely warm patina and is structurally very sound. It is not without a few small marks here and there but nothing untoward for a chair of this age. The upholstery is in good condition with no splits or tears and the mechanism for tilting and swivelling is in good solid working order. It is approximately 31" (79cm) high and the arms are 25" (64cm) wide across. The seat is approximately 18" (46cm) deep.
