Description

1920s ornate full hunter pocket watch. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 51.2mm diameter excluding the winding stem and the loop. The case is gold plated and it is in good condition. There is exquisite foliate detailing to both the front and back of the case. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in good condition. The double sunk dial has a faint hairline crack between the center of the sub seconds dial and the center of the dial although hardly noticeable, but otherwise it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage
