Description

Antique silver Omega pocket watch and chain. The watch has an Omega stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 48mm diameter excluding the winding stem and the loop. The case is silver and there are Continental hallmarks inside the case backs, together with an early Omega logo. The case is in good condition and it has a vacant cartouche to the back cover. The acrylic lens is in good condition. The dial is in lovely condition and has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with a silver double albert, with each chain measuring 23cm long including the T-bar and the clasp. The watch and chain will be sent in a new presentation box. Free worldwide postage
