Description

This large pair of comfortable antique deep buttoned leather wing armchairs have a real character look with the original naturally distressed leather. They are completely deep buttoned inside the chairs & hand tacked all over. These wing chairs have generous wide proportions, with hump backs & well shaped wings. The legs are mahogany & have four cross stretchers which help give more stability to the frames. There is a fair bit of wear & ageing on the leather, but nothing major & they are good to use. We have just had them professionally revived & polished. Please enlarge all the images to see the condition for yourselves. If you like you antiques to look new, then these aren't for you. I would date these wing armchairs to around the 1890-1910 period. Width – 34 inches, 87 cm Depth – 34 inches, 87 cm Height – 42 inches, 108 cm Seat height – 15 inches, 39 cm
