Sold**Item Reference: SA583441****Date of manufacture: 1900**

Description

Antique gold plated Swiss pocket watch originally retailed by Symons & Son of Launceston. The watch has a key-wound movement which is working nicely. The movement is protected by an inner fitted cover and then there is a hinged cover over that. The watch measures 54mm diameter excluding the stem and the loop. The case is gold plated and the front is in good condition. The hinged back has some fairly surface marking and a little unevenness. The watch glass is in good condition. The dial is signed by the original retailers of the watch, Symons & Son of Launceston, watch makers and jewellers. The watch will be sent in a new presentation box. Free worldwide shipping
