Description

Simply beautiful and in fabulous condition is this rare Art Deco octagonal glass wall clock with Smiths eight day movement. This clock is an absolute delight, in amazing condition, vibrant yellow mirroring with little signs of age. There's a blemish/bruise about 1 cm long underneath the glass on one side, it can't be felt - see pics. The stylised numerals are great and for those who appreciate the simplicity of modernism will appreciate this. The chrome hands are also in great condition, I really am pushed to find any fault. More pictures to follow. As with all of our clocks, this time piece has been professionally serviced and so is in good working order and ready to be enjoyed.
