## Description

A very fine example of these ever popular wall clocks with the classic clean lines from the Arts & Crafts era. The traditional oak case has a beautiful original French-polished finish with a deep, rich patina. The 8 day movement strikes on the half-hour and the hour with a lovely deep, resonating tone. One of the best sounding strikes I have ever heard on this type of clock. The movement is made by the highly respected German maker HAC (Hamburg American Clock Co.) and has just been fully serviced by our BHI registered staff. It carries our usual 12 mth Parts & Labour guarantee. The silvered dial, with black Arabic numerals, is in very nice order and is embossed with the cross arrows symbol of the HAC company. A lovely clock. All cards accepted.
