Sold**Item Reference: SA585314****Date of manufacture: 1890**

Description

The watch has a stem-winding movement, grade 20, which is working nicely. The movement is fully signed and the serial number 6,310,667 dates it back to 1894. The movement is protected by an inner hinged cover, this inner cover has some scratches where someone has slipped with a tool. The watch measures 52mm diameter excluding the winding stem and the loop. The case is gold filled and has attractive detailing around the sides. There is some rubbing to this raised detail, just from years of use, and some surface marking to the hinged back. The acrylic lens is in good condition. The signed dial is in lovely condition and has original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box.
