Description

This fabulous SOLID SILVER RING TREE was made by the well-known silversmiths of William Hutton & Co. in 1901. The central tree has five branches onto which rings etc. can be hung and this is mounted on circular base which is beautifully embossed with flowers, fruit and scrolls and finished with a lovely 'pie-crust' edge. Unusually, this high quality antique is also finished on the base with a blank cartouche to the underside which could be used to personalise this superb ring tree. In excellent condition with no added engravings or initials, this would make a lovely gift or would enhance any silver collection.
