Description

Outstanding Omega Constellation gents wristwatch. This is an incredible example of a gents classic wristwatch made by the world renowned premier Swiss maker Omega. This is a particularly rare Constellation with the early 501 chronometer movement 24 jewels, adjusted to five positions and temperature controlled, it appears to have been in production for just one year before being replaced by the more common 505 movement. The dial is a rare white two tone, the change in colour tone is caused by the graining of the substrate and to the eye appears to change tone according to the angle of view. It is in mint condition having been fully restored. The constellation symbol on the back of the case is bright and crisp. It has the Omega logo on the winding crown and a genuine Omega buckle. A new glass has been fitted and the case has been professionally polished so it is in superb condition. It has a 18ct gold case which is very heavy and measures 35mm in diameter excluding the winding crown. As you would expect the watch is fully marked on the dial, movement and case. It comes complete with a new premium quality brown leather strap and a presentation box to keep your wat...
