Description

Very impressive 1930's Art Deco blue glass and chrome antique clock by the English clockmakers 'Smiths'. Superb condition, both the glass and chrome are as good as you could expect from a period piece of 90 odd years - Only to note there is a blemish on the dial between the six and five o'clock. We've had the clock mechanism fully cleaned by our horologist so comes to you in full working order, runs on electric so no winding involved. Excellent size too, will look great as a mantel clock or desk
