Description

For your consideration is this very fine example of a 1930's Art Deco red Bakelite Clock By Blangy. Blangy is a French clock maker and in our opinion offers some of the most distinctive Art Deco clocks available. This example is no exception and really can't be mistaken for any other era. Even down to the dial hands which are in amazing condition and iconically shaped with not a chip of paint to be seen which is very unusual. In fact the dial is in amazing condition, very crisp and clean and free from the normal fading and discolouration. The case of the clock is a mottled deep red colour and has darkened over the years. This is a great sized clock which can easily be used for mantle or bedside. Fully and professionally serviced this clock is in full working order. We have one of the largest if not the largest selections of Art Deco clocks on the internet, all serviced and working condition, take a look at our other listings or our site www.artdecoworld.co.uk to see for yourself!
