Description

Very attractive and totally authentic 1930's Art Deco French black bakelite clock by Blangy. Blangy is a French clock maker and in our opinion offers some of the most distinctive Art Deco clocks available. This example is no exception and really can't be mistaken for any other era. Even down to the dial hands which are in amazing condition and iconically shaped with not a chip of paint to be seen which is very unusual. In fact the dial is in amazing condition, very crisp and clean and free from the normal fading and discolouration. The case of the clock is black colour . This is a great sized clock which can easily be used for mantle of bedside. Fully and professionally serviced this clock is in full working order.
