Description

Gents Zenith 230S wrist watch, 1965. The watch has a 19-jewel hand-winding movement, Zenith 2532, which is working nicely. This movement was only made for a short period from 1964 until 1966. The serial number dates this particular watch to 1965. The watch measures 34mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in lovely condition. The winding crown has the Zenith logo and the inner case back is signed Zenith too. The lens is in good condition, as is the signed dial which is in its original finish with original hands, centre seconds and original minute markers. A new leather strap has been fitted.
