Description

Originating from France and dating to the 1930's is this very stylish and individualistic table lamp which has an essence of modernist about it. A large wok shaped shade mushrooms over three circular wooden highly polished balls, all of which is supported upon a circular stepped chrome base. A lovely lamp that gives wonderful ambient lighting. Looks impressive both on and off and is a good size and easily integrated with both modern and period home settings. Condition is very good with just the normal signs of age one would expect.
