Description

This antique leather top mahogany drum table is very fine quality & is in great condition. It has a tooled leather inset top, four drawers & four dummy drawers with original brass handles & sits on a baluster pedestal on quadruple reeded legs with brass capped casters. The drawers are also cross banded with satinwood. This table is a decent size & would suite as a centre table or sit in a bay window or just used for a general lamp table. It's Regency style & I would date it to around the 1920's period. Width – 36 inches, 91 cm Height – 30.5 inches, 77 cm
