Description

This is a very early small Georgian period antique table or desk, probably dating to around the 1750-90's period. It's walnut with a lovely rich colour, a wonderful grain & full of character. There are three inlaid drawers, finely dovetailed & I think the brass handles are original. There has been a repair on the top as you can see in the images. This has been done professionally, but was done before we receive it. Having a polished top means this piece could be used as a side table or writing table. This table is in good original condition & has just been polished while retaining all the character. Width – 31 inches, 78 cm Depth – 18 inches, 46 cm Height – 28 inches, 72 cm
