Description

Gents late 1940s Movado wrist watch. The watch has a signed 15-jewel hand-winding movement, Movado calibre 75, which is working nicely. The watch is a good size at 35mm diameter excluding the winding crown and the lugs. The case has a plated bezel, an alloy centre and a stainless steel case back, a combination often seen in watches produced just after the second World War. The inside of the case back has the Movado logo. The case is in good condition, as is the lens. The signed dial is in beautiful original condition. A later leather strap has been fitted... we could fit a black one instead if required. The watch will be sent in a new presentation box. Free worldwide shipping
