Description

This pair of antique solid walnut bergere armchairs are great quality & superbly carved all over. Please enlarge all the images to see all the fine details. They are double caned either sides of the central splats & the cane is all original & in good condition as are the rest of these armchairs. The crisp carvings are on the backs, all the way down the fronts from the top of the arms & across the seat rails. These chairs also have claw & ball feet. The walnut has a lovely grain & a nice warm colour. The seats look like they have been re-upholstered more recently & the fabric is still in good condition.
