Description

A fantastic pair of large standing Staffordshire dogs dating from the late 19th / early 20th Century. They are good quality and an unusual and attractive model with wavy hair and gold collars. The dogs are in excellent condition for their age and display very well. There are some light surface marks and the gilding on the collars has rubbed slightly. There is a small chip on one foot and some minor stress cracks (see photos) but no major damages and nothing that detracts from their overall appearance. The best description comes from the photos so please have a good look and if you have any questions at all please ask. Nationwide UK delivery £15.
