Description

Gents 9ct gold Longines automatic wrist watch. The watch has an automatic movement, calibre 290, which is working nicely. The case is 9 carat gold and there are hallmarks inside the case back for London 1962 together with Continental hallmarks, the Longines logo and the marks for Baume, the importers of Longines watches to the Commonwealth and the UK. The case is in good condition, just a small slight indentation to the back. The back of the watch has a 1965 engraving for services rendered. The winding crown is signed with the Longines name. The lens is in good condition. The signed dial has light freckling across it although you have to look closely to see it. Original hands, centre seconds and outer minute markers.
