Description

I have seen many of these Dressers over the years but this is the Very Best I have seen, also of large size, made from Solid English Oak (often called green Oak) and hailing from the area around Ipswich. The construction is amazing, all pegged joints, hand carving, hand forged hinges and handles etc. it has a wonderful colour and patina. The 3 drawers all run smoothly and the 3 cupboard under provide plenty of storage. The top plate rack is removable for entry into the home. These dressers were later copied by Titchmarsh and Goodwin but this is an original dating to the turn on the century. This stunning dresser is in excellent original condition for the home.
