## Description

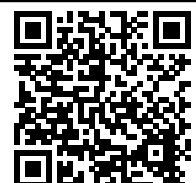

A truly stunning, solid silver Cigarette Case. Rectangular in shape, the lid and base are a plain polished silver with no engravings or embossing. The clasp and hinges work perfectly, and the interior is beautifully gilded a lovely deep golden colour with the elasticated strap still in place. This strap is unusual as it has a central divider to separate the cigarettes. Both lid and base are very clearly hallmarked for the London Assay Office with a date mark for 1910 along with the silversmith's mark: Wright & Davies, and Lion Passant indicating the finest sterling silver. A good heavy gauge case and a great quality item. Would serve equally well as a card case. Epitome of the Era! The case is in great antique collector's condition. There is one very small ding to one side of the case which is hardly noticeable, commensurate with the age of the item and mentioned for accuracy only. Hallmarks and maker's marks: London 1910 by Wright & Davies. Measurements: Height: 14.0 cm approx. Width: 8.5 cm approx. Weight: 194 grams approx.
