Description

This antique walnut side cabinet has a serpentine shaped front with a burr walnut top & front. It's in excellent condition & has just been French polished. The figuring on the veneers shows some beautiful patterns. It also has a carved top edge, reeded uprights & carved feet. The inside has one shelf & plenty of storage. This cabinet is very practicable, because it's slim from back to front, so takes up less room than an average console table & is more useful. I would date it to around the 1930's period. Width – 40 inches, 102 cm Depth – 17 inches, 43 cm Height – 32 inches, 81 cm
