Description

Set of 4 early 20th Century church chairs, each with an individual book rest on the back of the chair. They are excellent quality with solid wood seats and a simple clean design. These chairs have spent many years being used and we have not over-restored them to preserve their beautiful patina. They are very solid and sturdy chairs and would suit use in the home or a cafe / restaurant setting. There are some light scratches and marks on the seat and general small knocks around the legs but nothing detrimental. One chair is missing its metal foot rest at the back and two of the seats have had splits restored. The chairs have been cleaned and lightly polished and are ready for use. Approximate Measurements: Height : 31" (79cm) Seat Depth : 14" (36cm) Seat Width : 13 3/4" (35cm) Seat Height : 18" (46cm) The best description comes from the photos so please look at them all carefully and if you have any questions please ask.
