Description

Gents 1950s Kered wrist watch, boxed. The watch has a 17-jewel hand-winding movement which is working nicely. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is gold plated and is in very nice condition. The case back is stainless steel, it states that the watch is waterproof but, as with any vintage watch, it should be kept away from water. The lens is in good condition. The signed dial is in good original condition with original hands, centre seconds and outer minute markers. A new leather strap has been fitted. The watch comes in a Kered presentation box, a bit tatty but still nice to have. Free worldwide shipping
