Description

Gents 9ct gold Longines wrist watch, boxed. The watch has a Swiss hand-winding movement, calibre 30LS, which is working nicely. The movement is fully signed with the Longines name and the serial number dates it back to 1961. The watch measures 33.5mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for Birmingham 1962, with a case maker's mark for the Dennison Watch Case Company, a prolific manufacturer of cases for various watch makers, and also the mark for Baume, the importer of Longines watch to the UK. The case is in good condition with just light surface marking, nothing serious at all. The lens is in good condition. The signed dial has its original hands, centre seconds hand and outer minute markers. There is some freckling across the dial. A new leather strap has been fitted. The watch comes in a vintage Longines presentation box. Free worldwide shipping
