

SA594546

A 1920s silver stem winding pocket watch

Price

Sold**Item Reference: SA594546****Date of manufacture: 1920**

Description

A 1920s silver stem winding pocket watch. The watch has a nicely jewelled Swiss stem-winding movement which is working well. The movement is protected by an inner hinged cover with monogrammed initials. The watch itself measures 49.3mm diameter excluding the winding stem and the loop. The case is silver and there are silver import marks inside the case backs for London 1925 with the importers mark for George Stockwell. The case has some very mild bruising to the back but overall it is in nice condition for a 1920s piece. The glass lens is in nice condition with only light surface marking from use. The dial has a faint marking to the center of the sub seconds dial but overall it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
