Description

A very slim, tall carriage clock with push repeat on demand and striking on a soft gong. This model, a variation on the 'Corniche' case but much higher quality with bevelled 'sight' to the dial and multi piece base. The classic Henri Jacot dial displaying the inner ring and outer minutes. The original hands, the original escapement, in fact a very good example of the classic Jacot carriage clock with number 4217 and the HJ parrot stamp to the back plate. If you only ever buy one carriage clock, this would be a great choice.

Internal Ref: Henri Jacot push repeat
