Description

A vintage 1930s Sackville pocket watch. The Swiss company General Watch Co set up in 1880 and sold watches under various names including Sackville and also the more well known Helvetia. The watch has a stem-winding movement, a good quality Swiss movement with 15 jewels and two adjustments, which is working well. The watch itself measures 46.5mm diameter excluding the winding stem and the loop. The rolled gold case has light surface marking from use but overall it is in nice condition for a 1930s piece. The glass lens is in nice condition. The signed silvered sunburst dial is in its original finish and has light surface marking but overall it is in nice condition. The watch has blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage
