## Description

1920s Electa full hunter pocket watch, Port Glasgow. The watch has a high grade stem-winding Electa movement which is working nicely. The movement is protected by an inner hinged cover (which has a scratch across it). The watch measures 50mm diameter excluding the winding crown and the loop. The case is gold plated, there are a couple of slight indentations but otherwise the case is in nice condition. The winding crown pushes in to open the front cover. Inside there is a glass lens which is good condition. The dial is signed with the name of the original retailer, D Duke, Port-Glasgow. The dial is in beautiful condition with original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Price includes worldwide postage
